

ISABS Summit 2018
**Transforming People,
Communities and Organisations**

Applied Behavioural Science (ABS) seeks to enhance individual and human well-being in familial, organizational and societal contexts, through the application of the existing and emerging knowledge from humanities and science.

Indian Society for Applied Behavioural Science (ISABS) is a national professional body for behavioural science practitioners dedicated to understanding, developing and applying human process competencies through continuous experimentation, research and learning related to Applied Behavioural Science.

at
India International Centre, New Delhi
16-17 Nov'18

We live in an increasingly complex world. Despite shrinking spaces for dialogue and the technologies that alienate human beings more than ever, there is unprecedented demand for transformation at individual, group and institutional levels.

Today's VUCA reality marks the gap between the espoused and the actual from global issues like climate change to collaborative existence of Europe, and refugee crisis. Closer home issues such as Swachh Bharat, turnaround of public sector, pace of emerging economy companies and thrust on make-in-India/ start up culture warrant not only leveraging the wisdom of past but also learning for the future.

Against this backdrop, ISABS is happy to announce the ABS Summit 2018 as a common space for sharing and learning from the best. The summit will offer rich insights to build new perspectives on transforming individuals, teams and communities by bringing together thought leaders, successful change agents and exemplars of human process expertise. This space for interaction will showcase practical ideas for leaders, entrepreneurs and policy makers.

Join us in exploring, experiencing and celebrating the unique significance of Applied Behavioural Sciences. The best in class experience will offer proven ideas for corporate, social, and governance institutions.

Major Tracks

1. Individual Transformation
2. Recalibrating Groups for collective performance
3. Transforming social attitudes and community practices
4. Organization Development and Institution building

For whom

The invitation is extended to change leaders (corporate, social & institutional role holders), student scholars, and strategic scenario builders, creative personnel influencing society, policy makers and implementers.

Key take away as a Participant

- Generate experience and conceptual frameworks around your preferred tracks
- Leverage the space to network with like-minded professionals, learn their next practices across sectors and thereby expand your horizons
- Learn of systems & process that bring about far reaching transformation and take key insights to become a more inspiring and impactful leader

Key take away as a Presenter

You join a learning community engaging with peers, sharing highs, lows, hopes and challenges

Date of submitting your abstract /synoptic note

Guidelines for submission of abstracts from presenters will be communicated shortly.

- Abstracts of the paper with passport size photograph to be sent by 30 June 2018.
- Full paper in given prescribed format should reach us by 15 August 2018.

Don't miss this limited seats unique opportunity to learn from the best-in-class achievers who by combining their Passion with Purpose have left an inspiring trail.

Nagendra P. Singh
